

TYPO3 Events Overview

The TYPO3 community offers a wide range of different events - from official TYPO3 events to community driven sprints and camps. All events have in common that they are great for networking and knowledge exchange, to find solutions for problems or to give a better overview of current development. You may also meet your future employee.

* O = Official TYPO3 event, C = Community driven event

#T3CON – TYPO3 Conference

The TYPO3 Conference is focused on decision makers and marketing managers. The goal is to give an overview about the current and future development plans and gives you room for networking, knowledge exchange and the possibility to bring in your own needs and ideas. It's perfect to get an overview about the people behind the system and collect arguments for your customers. Besides, the International TYPO3 Award takes place. The Award is the official gala event for celebrating and rewarding the best TYPO3 work of agencies and customers. It's the perfect event to get in touch with others and spend a night in glitz and glory.

#T3DD – TYPO3 Developer Days

The TYPO3 Developer Days is focused on highly involved developers, users and freelancers. The goal is to give you an understanding about the current and future development plans and to give you the possibility to discuss the ideas. Get a deep look into the technological solutions and have a huge exchange with others like you. The coding night is just one of the highlights where you have possibility to work on real tasks together with the core team. If you attend once you truly will be assimilated into the TYPO3 family and can't wait until the next T3DD.

#T3AMD – TYPO3 Agency Meetup Days

At the TYPO3 Agency Meetup Days – which take place in several cities in Europe – agency owners and project managers are informed about the latest progress in TYPO3 CMS and Marketing. The AMD's are also the platform for the attendees to name their needs and to meet other agencies for exchanging thoughts and ideas. Each year, the main topic of the AMD changes and thereby helps the marketing team to get insights about local needs.

#CertiFUNcation - TYPO3 CertiFUNcation Day

The TYPO3 CertiFUNcation Day is focused on developers, integrators, users and freelancers. The goal is to give you the possibility to obtain your official TYPO3 certification. On top you can spend a informative and funny day with the participants. The TYPO3 CertiFUNcation Day takes place in a theme park where you have exclusive access to roller coasters and more. During the Day, you will get informed about the current development status and plans of the TYPO3 System by doing workshops that are specially designed for the certification.

#T3Board - TYPO3 Snowboard Tour

The TYPO3 Snowboard Tour is not focused on a specific target group. It's open for everybody and does not have a fixed schedule. The T3Board was the first TYPO3 Event that has ever been created. The goal of the T3Board is to get in touch with other TYPO3 „infected“ people and spend one week with fun, talking and sports. During one week in snow and mountains, some of the most ground-breaking ideas for the system have been born. It's the perfect event to free your mind from everyday work, get inspired and motivated by spending time in a creative and open minded surrounding and create everlasting memories you can tell your grandchildren one day.

#T3c - TYPO3 Camps

TYPO3 Camps are focused on developers, integrators, users, customers and all persons who want to get in touch with TYPO3. Camps are organized in several locations and countries. At TYPO3 Camps the participants themselves name the topics they want to talk about and the group votes for the topics. Based on the votes a schedule is created. This form of method makes the Camps to a very interactive experience. It totally depends on yourself what you will see, hear and do and makes it super easy to get in touch with other people. On a TYPO3 Camp most topics are about development, new technical approaches in web development or surrounding interests. It's perfect to enrich your knowledge and skills. On top of the sessions social events or visits are organized and you will be stuf-fed with lovingly designed T-Shirts and other sweets. By wearing their shirts with pride you will iden-tify other participants in short time or accidentally get in touch with others anywhere in the streets.

#TUG - TYPO3 User Groups

The user groups that take place in different cities and are free to all who are interested in TYPO3 and a certain topic that each user group date is focusing on. The evening filling events are sometimes at changing locations in between an area and sometimes at the same place. But be sure that the user groups always updates you about what is going on in the community. In addition user groups enables you to bring up your own topics to the agenda of the upcoming event.

Get your DIY-Kit for TYPO3 Events!

The kit contains lanyards, pens, flyers, name badges, website template and a checklist for organization. We can offer T-shirt printing, merchandise shop and more for your event, if needed.

#TYPO3 Contribution Bootup Day

TYPO3 Contribution Bootup Days are focused on developers who are interested in contributing to the TYPO3 Project. A boot up day is a workshop format that enables developers to publish their own extensions to the TYPO3 Extension Repository (TER) or to contribute to the TYPO3 Core. Guided by experienced developers or Core Team members themselves, you will understand the process of contribution and the TYPO3 ecosystem. Developers who are able to contribute work more efficient. Contribution means to have influence and strengthen your skills. The format can be organized by everyone and topics are free to choose. Make your own Bootup Day and inspire people to share – boot up your environment with knowledge and help us to spread the word: #TYPO3rocks.

#MeetTYPO3 - Meet TYPO3

MEET TYPO3 is a business event for agencies & clients, first contacts, deciders, marketeers and hard-core-developers. The event provides a talk-area with topnotch speakers from the TYPO3 community and three desks with TYPO3-pros who answer questions, show demos and live solutions.
